 **Hemmat referral network access.**

If Hemmat Law can't help with a specific legal issue, we will assist your employees in their search to find another office that can. We will also educate them on the norms of the legal industry, how to hire an attorney generally, and their basic rights as a recipient of legal services.

 **Guaranteed free consultations.**

 **Texting contact functionality.**

 **Fee payment plan eligibility.**

Sometimes, employees might want the option to pay for their lawyer over time. This perk allows Hemmat Law to offer their services on an amortized basis, without the up-front cost. Employees will still have to make monthly payments throughout the duration of their case, but no large assets are required to be at issue to apply for a payment plan.

Note: not available for some complex matters, payment terms will vary based on the circumstances.
